25X1A

[redacted] in Canton's port of Whampoa in  
October he observed a Polish and a Finnish  
vessel unloading six-inch guns. [redacted]  
[redacted] the guns were from Czechoslovakia's Skoda  
works.

Comment: This Finnish shipment, if correctly reported, is in violation of assurances given the United States by Helsinki earlier this year that it would not permit its vessels to carry items of direct military use to Communist China. These assurances followed protests concerning the Finnish tanker Wiima's unsuccessful attempt to deliver kerosene to China from the Black Sea.

NEAR EAST - AFRICA

4. Israel believed strongly opposed to US-proposed Jordan River project:

25X1A

[REDACTED] American charge Russell in Tel Aviv believes that the real Israeli attitude toward the American-sponsored Jordan River "TVA" project is represented by the widespread Israeli press criticism of the Johnston mission to the Near East rather than by the government's apparently open-minded attitude in its discussion with the special envoy. The government's show of cooperation probably reflects a tactical decision based on the belief that Arab opposition to the plan is sufficient to block it.

Russell states that there is little chance of obtaining a firm Israeli decision on the Jordan project unless Arab acceptance seems probable.

Comment: Because of Israel's desire to use the Jordan River to irrigate the Negev desert, opposition to the American proposal, which allocates more water to Jordan than to Israel, has been expected.

25X1

In the present tense atmosphere, no Arab agreement to the plan seems likely.
